Keep your caliper handy. This holds the common 150mm digital caliper with the metal thumbwheel.

Mounts to 2020 extrusion with one M3 or M4 10mm screw and a matching drop-in t-nut.

Quickly hangs and removes from the mount. Lead the right end rotated forward and twist rotating the caliper flat then dropping the thumbwheel in the pocket.

## Print Settings

### Printer:

Tronxy X3

### Rafts:

No

### Supports:

No

### Resolution:

0.2mm

### Infill:

20% honeycomb

### Notes:
