[Hobby & Makers](#) > [RC & Robotics](#)

I made arm guards for the Flywoo Explorer LR which are higher than the original ones. This way the arms stay fully protected with mounted side plates. With the original ones the side plates are higher than the arm guards making them less usefull.

Printing:

Obviously you have to print two of each model (A & B).

Print Settings

Printer Brand:

Prusa

Printer:

I3 MK3S
