Tags: [wall](#) [hook](#) [desk](#) [wallmount](#) [laptop](#) [minimalist](#)
[organization](#) [tablet](#) [lowprofile](#)

Designed these low profile hooks to hold my laptop/tablet upright on my desk.

Requires 1xM3 12mm long cap screw and 1xM3 hex nut as well as two mounting screws of your choice.

Simply mount the anchor onto the surface with the mounting screws, then slip the hook over and fasten with the cap screw hidden on the underside of the hook.
