Summary

"Pup tags" from the show Paw Patrol for all the pups as well as the generic paw badge

[Toys & Games](#) > [Other Toys & Games](#)

Tags: [badge](#) [paw](#) [patrol](#) [pawpatrol](#) [puptag](#)

"Pup Tags" for the pups from the kids show Paw Patrol.

V2 Update: Modified the outer tag height to be slightly higher than the inner design of all tags to allow for different colour filament to be used on the badge design vs the "shield" area. Also made the face of the hook flush with the outer part of the tag

Very easy to print, no brim required and low infill.

I printed in PLA then painted with acrylic paints though I designed them with different segments having different heights so it might lend itself well to multi-material printing.
