## Summary

This is a remix of the Alien Sticky Fridge Magnet. Just the Chain links so you can use them in your own project

Printed on the Bed, no need for a Brim

These are the base files, I'm hoping that someone can make some cool necklaces or use this as the backbone for an articulated creature (dragon, worm, snake....)

UPDATE March 25, A Few users reported that the bottom surface wasn't completely flush on all the segments. I added Rev 2 versions of the Straight section and Curved sections to help with that.
