KV hull with tracks as separate pieces. Useful if you want to print them in a different colour from the main body.

Print flat (not as it is shown), remove any support (this is tricky, the tracks are fragile. Use a small pair of snips.), and glue on to the hull!

The tracks are a bit flexible, due to the parts thinness. It is not a problem when you have it fully assembled though..

### Print Settings

#### Printer Brand:

Creality

#### Printer:

Ender 3

**Rafts:**

No

**Supports:**

Yes

**Resolution:**

0.16

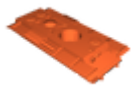

**Infill:**

100%

**Filament:** Any Any Black

Category: Vehicles
