a toilet paper holder in the shape of a toilet. print a left and right piece and a template to be able to conveniently screw it to the wall,

You can print the roller or make it by hand, for example with a lathe and a piece of yellow California maple (all types of wood can be used, from beech to baobab through rosewood, walnut, cherry and mahogany).

You can find all my models [here](#), thank you who will appreciate with a **download** or with a **like**
