Summary

It's a mount for "Quntis Computer Monitor Lamp LED USB" or similar. Modular, with cable guide.

Tags: [lamp](#) [led](#) [3dprinter](#) [ledlight](#)

It's a mount for [Quntis Computer Monitor Lampe LED USB](#) or similar. The design is modular, so you can remix the arm to shorter/longer version or just print without arm for a short version. Easy to print for the printer mount and the arm. For the lamp mount, just print it on the side with supports. I printed it with Prusas Galaxy Black PLA.

- 0.2 mm
- 15% infill
