Last christmas I did some DIY [side] gifts to family and friends, some of which were laser engraved coasters in 3D printed holder.

For the holders, I did two simple versions:

- **Design 1:** Holds **4 coasters** (diam 10cm, thickness 0.5 cm), 2 slots
- **Design 2:** Holds **6 coasters** (diam 10cm, thickness 0.5 cm), 4 slots (+ swiss cross)

Hope it helps,
