If you don't have a printer check out my stores, I sell some of my designs printed with everything you'll need:

etsy -

<http://www.16bitgamestore.etsy.com/>

eBay -

<https://www.ebay.ca/usr/16bitvideogamestore>

To assemble this Kit, you will need x3 10-32 1/2" Screw and Nut, x1 10-32 1" Screw, and a 10-32 Wing Nut, x1 1/4" Nut, and (Optional) #16 Rubber Band.

Screw the 1" Screw into Adapter, and place the Plug behind it. Next Hammer in the 10-32 Nuts into their slots, and place the 1/4" nut into the mount. Afterwards thread the rubber band in the guide with a sim card removal tool, or a thin piece of metal. Finally screw Mount into the adapter

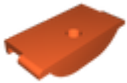

with the 10-32 screws, and the A Side, and place the B Side in with the Wing Nut behind it.
