Long story short I'm making parties and I have gogos dancing in harness. The theme was super hero so ♂ Here we are 🍷.

Made to go [with this harness \(aliexpress, not sponsored\)](#). Pair it with my [Green Lantern Ring](#) for a better effect.

### Instructions

1. Print
2. Slide the center band of the harness
3. Use the stretch effect to pull all the band inside

## 4. Enjoy

### Print settings

- Support on bed
- Print it with the logo facing up
- Use the ironing for a better finish
- Change of color in 48
- 20% infill

Yes it gonna be awfully long. The first support layer is 42 minutes to print. I though I would gonna die of boredom when I start printing but, hey, just let it live its life. The filament change is about 5h after it started so ...
