Summary

Clamps for MaxAir pneumatic tubing

[Hobby & Makers](#) > [Mechanical Parts](#)

Tags: [hanger](#) [tubing](#) [pneumatic](#)

Corner and wall mount for tubing. These were made for MaxAir pneumatic tubing but should work for most pex type tubing of 5/8" or 16mm. Slightly tight snap-fit. The corner clamp has a small cut out that I used to run speaker wire in parallel with the tube.
