The medallion worn by the witchers of the cat school. Based on Ciris medallion from The Witcher 3 - The Wild Hunt. I make a remix from the one.

I made a remix of [alphaflight83](#) 's model. ([Witcher Medallion - Cat School by alphaflight83 - Thingiverse](#))

My version has a swing mechanism and a cavity in the middle. Small items can be stored there. In my example a ring. After printing, the small pin can be inserted into the two halves. This requires some force. On the other side I glued two 2x10mm magnets. These ensure a good closure.
