Minimalist Paper Towel Holder

This paper towel holder combines a clean minimalist look with practical use and easy 3D printing.

Important sizing note (please read):

This model is designed for paper towel rolls with an **outer diameter of ~100 mm (10 cm)**

Paper towel roll sizes vary a lot, so please measure your roll first (outer diameter + width) and **check the dimensions in your slicer** before printing.

Need a bigger roll (e.g., 160 mm / 16 cm)?

Simply **scale the model up** in your slicer. **Upscaling is usually safe and works well**, while downscaling can cause problems (wall thickness, clearances, strength).
