Summary

Amended latch for scaled up prints.

[Household](#) > [Other House Equipment](#)

Slightly tighter latch for 3D Printy's Eggcellent model.
Ideal for if you are scaling up.

This model simply lowers the bottom of latch where it meets the top section of the egg by the stated amount.

I used the .3mm tighter on a 150% scale and maybe should have gone tighter still.

This remix is based on

Twist Lock Egg
