The Honest Shelf - Modern Art Decor Collection // Vol. 19
Elevate Your Space with Elegant 2D Line Art

A pair of sophisticated, minimalist flowers—a Rose and a Lily—designed to bring a touch of botanical beauty to any setting without the maintenance of real plants.

Overview This set is part of "The Honest Shelf" series, focusing on clean lines and modern aesthetics. These flowers are printed flat and thin, making them incredibly versatile. Whether you place them in a bud vase, tuck them into a planter, use them as high-end gift toppers, or even tape them to a wall as shadow art, they add an instant designer feel to your home or office.

Why you'll love this print:

- **Zero Stress, No Supports:** support-free.
- **Ultra-Fast & Filament Efficient:** These prints are "thin" by design. They use very little material and finish in a fraction of the time of a standard model. ⚡
- **No Clunky Bases:** Designed to stand on their own "feet" (stems). Simply slide them into a vase or a gift box for a seamless look.
- **The Perfect Gift Add-on:** Ideal for Mother's Day, Valentine's, or birthdays. Tape them onto gift wrapping for a 3D effect that replaces a standard bow!

Print Settings (Quick Guide)

- **Material:** PLA or PETG (Matte Black, Copper, or Gold look stunning!)

- **Infill:** 15%
- **Supports:** None. Zero. Zip.
- **First Layer:** Ensure your bed is level for that perfect "first layer porn" finish.
