Summary

Replacement part for the height adjustable headrest of the Ticova Ergonomic Office Chair on Amazon.

[Household](#) > [Office](#)

White part is the replacement piece.

Prints along the longest axis with supports. Indents for height adjustment work great!

Printed with 0.2mm layers, 25% infill. Might want to use higher infill, but mine works fine. Not nearly as stiff as the original part, will eventually redesign to improve strength.
