I couldn't find any Croatian shopping cart tokens online so I made one.
Should be exact same size as 5 kn.

Print in PETG for flexibility. Has some fine details so 0.2 layer size is recommended.

Some slight bridging from the bottom side, but nothing Prusa can't handle.

Nigdje nisam mogao naći model koji odgovara našim shopping lancima pa sam ga nabrzinu napravio. Odgovara kovanici od 5 kn.
