Summary

Quick print to recreate the JWST as wall art.

[Art & Design](#) > [Wall-mounted](#)

Tags: [mirror](#) [jwst](#) [jameswebb](#) [jwstmirror](#)
[jameswebbspacetelescope](#)

Quickly created to commemorate the successful launch and deployment of JWST. This was been pre-sliced to print from a 220mm x 220mm print bed. The original Solidworks file has been included in case you would like to separate it yourself. The mirrors used are from [Amazon](#). Mirror size is 80x 70 x 40mm(3.15x2.75x1.57 inch).

To assemble it print out 1 of every STL (total of 3) and glue them together in the following way:

JWST4 → Top Left

JWST2 → Bottom Right

JWST3 → Left/Center

JWST4 also has a small triangular cutout that will allow you to hang it from the wall with a small nail.
