Summary

Supportive hedgehog to keep your noozles in place.

[noozleholder](#) [igel](#)

This hedgehog will keep up to 9 noozles in a decorative (but probably not the most space saving) way.

Inspired by the famous “Kaeseigel” (<https://de.wikipedia.org/wiki/K%C3%A4seigel>)

I didn't have spare noozles around, so I used some M6 screws to check the design and the pictures.
