Summary

Casing for a HX711 wheatstone bridge based BBQ Gas scale

[Household](#) > [Outdoor & Garden](#)

Tags: [bbq](#) [grill](#) [homeassistant](#) [hx711](#)

I was sick and tired of running out of Gas for my BBQ Pit over the weekend where no hardware store still has open.

So I decided to build a Scale for the Gas based on the Hookups guide → [Measure Propane](#)

It should look at least a little like off the shelf, so i cobbled together this casing. Maybe someone else can use it.

Alu sheet size is 320mm x 320 mm
