[b2240](#)

Adapter / spacer vor vesa 75 mounting Samsung Monitor Synchmaster B2240 (maybe also others).

I made this to fill the empty space on the back of the Monitor, if You want to mount it to a not-proprietary vesa 75 stand / wallmount. Dimensions: 95 x 95 mm

The small holes have no threads, so you are screwing in the normal vesa-screwholes of the monitor. The big holes are just to save material, and for style. ;-)
