I printed this device stand for the following devices, in order from non-pencil side of print to pencil side:

iPad Pro 10.5in, 2018 (With Smart Keyboard)

iPad, 6th Gen, (With Logitech Slim Folio Keyboard/case)

MacBook Pro, 2018

Apple Pencil (2) (1st Gen)

LaCie 5TB HDD (USB-C)

Notes:

I measured the tolerances of the main design - Device_Stand.stl - a little too loose for the above devices, so rather than re-printing the stand, I

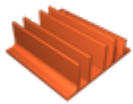

designed shims (Device_Tension.stl) and superglued them into the existing stand.

Category: Organization

Model files

device_tension.stl

device_stand.stl
