Holder for hot glue sticks to use with IKEA Skadis pegboard.  
Holds about 30-35 11mm sticks. I use 150mm/6" sticks at the moment,  
but it will also fit 100mm/4" and should just about fit 200mm/8" sticks by  
moving one peg in or out.  
Printed in PLA 0.2mm. No supports needed
