This is a remix of Straekers_Armory Mandalorian Blaster (<https://www.thingiverse.com/thing:3977528>) for easy assembly and resized for a child's hand for a halloween costume.

It is at 80% size, so if you want to print full size just bump all parts up in your slicer to 125%. It will fit on a Prusa Mk3 bed as is, but it will not fit at full size.

Some supports may be needed on small overhangs like the rear sight and the front of the cleaning rod (or whatever the gold thing is).
