Angled USB and SD card organizer (v1) made to be stuck to a vertical surface but also works on an horizontal one.

I have included the file to print it so that the upper surface is flat for a nicer finish.

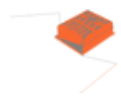

V2 also has 4 micro SD card holders. <https://www.printables.com/model/156384-usb-sd-card-organizer-and-micro-sd-card-holder-v2>
