Summary

Wall mount for 3/8" socket set (6-22)

[Hobby & Makers](#) > [Organizers](#)

Tags: [mount](#) [socket](#) [wallmount](#) [tools](#) [sockets](#) [hazet](#)

Wall mount for 3/8" drive sockets from 6 to 22 with one extra slot.

I recommend to use the change filamenty by layer height function of your slicer to give the number indication and socket square a contrasting colour.
