I designed this Ikea Trofast rail, runner, slider or whatever you want to call it. I couldnt find the right design here so I made one myself.

There are 2 versions, one for the normal size Trofast (42x30 cm) and for the smaller one (20x30 cm). Its for the short edge. It also includes a stop.

Sizes are 30 cm and 20 cm.

The long one can be printed on a Prusa bed, if you rotate it in a certain way it fits. I printed mine in ABS.
