This is a replica of figure C from the box "Dwellers Below", number 2012 from Grenadier

The D&D doppelganger first appeared in the original Greyhawk supplement in 1975, and has been part of the game ever since. Of course, the name "doppelganger" comes from the German, and the concept of a malign look-alike goes back to early human history.

I hope you appreciate the doppelganger doppelganger I printed. Now you can print your own as well.
