Summary

I made this Raspberry Pi 4 OctoPrint case mount for Prusa i3 MK3/s frame.

[3D Printers](#) > [Accessories](#)

I made this Raspberry Pi 4 OctoPrint case mount for Prusa i3 MK3/s frame.

The bracket is merged to the meshed bottom of the case and fits exactly on the m3 threaded holes in the prusa frame.

You can find suitable housing tops from me [Haz1](#) or from [Malolo](#).

Let me know what I can improve or what wish you have.
Looking forward to your makes :)

This remix is based on

Hazi's Raspberry Pi 4 Case Lid + Ez Fan Mount / PoE-Hat Support

by Haz1

Malolo's screw-less / snap fit Raspberry Pi 4 Model B Case & Stands

by Malolo
