DungeonStick forest setup.

- Fast prints without support.
- Round DungeonStick connection for maximum flexibility.
- Easy storage
- Mirror the designs to give you even more options.
- Three way couplers and end pieces included.

Have fun building your ultimate terrain setup, and don't forget to post a make of your creations! I'm curious to see how yours turn out.

Everything was printed with ;

PLA, 0.2 layer height, 2 walls, 15% infill, zero supports!

Don't forget to check out the other models as well.
