No brim or supports required.

A set of finishing nozzle tips designed for silicone, caulk, sealants, adhesives, and similar cartridge-based materials.

The nozzles screw directly onto standard cartridges and feature integrated finishing surfaces near the outlet, allowing the silicone bead to be shaped immediately during application. This helps speed up the finishing process while creating smoother and more consistent joints.

The set includes 5 radius variants:

- 3 mm
- 5 mm
- 8 mm
- 10 mm
- 12 mm

Useful for bathrooms, kitchens, showers, windows, tiles, sinks, and other sealing applications where clean silicone lines and smooth joints are required.
