This is a remix of Cat Stretch by billyd. I used Meshmixer to reduce the mesh and create a voronoi pattern. I scaled it to 125% and printed it like that.

If you would like to donate, please do it to the author of the original model as he created this statue, I just remixed it. https://www.thingiverse.com/billyd

Print Settings

Resolution:

0.2mm

Notes:

It's best printed with a raft and add manual supports to only to the parts close to the bed (if your slicer supports it).

Post-Printing ==========

Unfortunately, you will have to do a little bit of clean up at the undersides of the overhangs.

Category: Sculptures

This remix is based on

Model files

catstretch_voronoi.stl

The original upload.

catstretch_voronoi-updated.stl

A millimeter cut off the bottom for easier printability. File size is also reduced.
