Tags: prusa camera mk3 clip mount mk3s logitech cam prusai3mk3s logitubo

This is a camera mount for the Prusa i3 MK3 and MK3S.
It will hold your camera on the body of your printer.

I add also a screw, to attach your camera with standard-thread on the mount.

IMPORTANT:
If you use the screw, be sure to print it with 100% infill and don't tighten it to strong - otherwise it may break and you'll have problems to get it out of your camera...

Works fine with standard Logitech "Printer Cam" :) ...and other similar and lightweight cams.

Print instructions Category: 3D Printer Accessories Print Settings

Printer Brand: Prusa

Printer: I3 MK3S

Rafts: No

Supports: No

Resolution: 0.2

Infill: 25%

Filament: extrudr Greentec black
Notes:

25% Infill
0.2mm layer for the mount

100% Infill
0.15mm layer for the screw (0.2mm will do it as well)
