Tags: holder stand golf gear umbrella phone iphone cart mobile golfing clic printsphere

Extender for the Iphone 16 Max Pro veroni style holder for the clicgear Golf Cart (3.5 and newer), This holder allows an IPhone 16 Max Pro with protective casing to be held above the handle bars of the golf cart without impacting access to handlebar at the same time as the umbrella is in use. The extender and holder can be rotated horizontally and locked in position for custom angling.

Use in conjunction with:

- Golf / Mobile Phone - clicgear V3.5+ - Golf Cart IPhone 16 Max Pro Holder - Veroni style

- and custom protective cases for IPhone 16 Pro Max is available at the following link

Printing Tips

- Print using a multifilament FDM printer with 15% infill at 0.15mm layers using PLA or PETG with organic supports for main body and TPU for umbrella cushion portion

Assembly

- Print the extender and the additional model parts from other models (mobile phone holder and locking thread and protective case for Iphone)
    - Attach the mobile phone holder to the extender using the locking thread (do not use the hex nut since it is not required)
    - Place the umbrella holder in the extender cup area and thread onto the golf cart umbrella holder and rotate to preferred location and tighten umbrella holder.
    - Rotate mobile phone holder and then tighten locking thread to secure.

Usage

- This holder is specifically created and fitted to work with the:
    - custom protective cases in this link. and
    - Golf / Mobile Phone - clicgear V3.5+ - Golf Cart IPhone 16 Max Pro Holder - Veroni style
- This has been tested on a 3.5 and 4 version of Clicgear cart
- This model can also be used with the photography turntable jig
