Use tree supports on build plate only, 3 walls.

The **Counter Cleaner** is a simple handheld scoop designed to make cleaning crumbs, scraps, and other small messes from flat surfaces quick and easy.

Simply hold the cleaner against the edge of your table, kitchen counter, desk, or workbench and sweep the mess directly into the container. The wide opening makes it easy to collect larger amounts at once, while the integrated handle provides a comfortable grip.

Great for everyday kitchen cleanup as well as collecting filament scraps and other small waste around your workspace.
