Summary

string art model of a levitating man

Art & Design > Other Art & Designs

Tags: decoration man decor art sculpture floating human body home modern motivation string transcend suspended levitate

If you like this this one, check out my other string art models here.

This print is pretty difficult to set up properly so please just use the prepared 3mf file that contains custom supports and all necessary settings.

Not scalable. Must be printed with 0.2mm layer height.

Be very careful when removing the support. I recommend using pliers to break off each branch one-by-one.
