Summary

A two-piece corner clamp designed to help keep your fitted sheet from slipping off the mattress.

Household > Bedroom

Tags: bedroom hackman3d fittedsheet

A two-piece corner clamp designed to help keep your fitted sheet from slipping off the mattress.

The base sits against the mattress corner, underneath the fitted sheet. Pull the sheet over the base, then fit the outer clip to hold the fabric between the two parts.

How to use

Position a base at each mattress corner, beneath the fitted sheet.Pull the sheet over each base and adjust the fabric.
Fit the matching outer clip to secure the sheet.
Print four bases and four clips for a complete mattress set.

Fit and grip may vary depending on the mattress corner shape and fabric thickness. Make sure all surfaces touching the fabric are smooth and free of sharp printing edges.
