Summary

A three-piece soap dish in Japandi style, without supports

Household > Bathroom

Tags: holder stand soap dish soapholder soapdish

It is printed in **three** parts, which can be printed in different filament colors. They fit together **snugly**, so **no glue** is required. The model is also designed to print entirely **without supports** - all you have to do is choose your colors and start printing! :)

- No Supports.
- No Glue.
- No AMS.
