Eight page-clip bookmarks: Grogu, Yoda, Mandalorian, Darth Vader, Stormtrooper, R2-D2, BB-8 and Porg. They print flat, need no supports, and slide over the top of a page so the character sits above the book. Each clip is one 0.8 mm plate — a character outline on top and a 14 × 46 mm tab underneath. A 0.5 mm slit cuts a tongue free on three sides. Push the clip down over the edge of a page and the tongue flexes out of the way: the page ends up between tongue and frame, and it stays put. All eight fit on one plate. The photo is a real print of the attached 3MF, black PLA, straight off the plate.
