"Created to fight, born to question the meaning of its own existence."

Bring a touch of philosophy and power to your collection with this exclusive **Mewtwo** statue. Inspired by Rodin's famous masterpiece, this sculpture portrays Mewtwo in an introspective pose, seated while reflecting on its destiny.

This is a massive and ultra-detailed **Solid Edition**, where every muscle and the smooth curve of the tail have been carefully sculpted to convey a strong sense of weight, presence, and premium quality.

Unlike hollow or open-structure versions, this solid statue emphasizes the compactness and perfection of its shapes, making it a truly unique display piece. It is ideal for decorating a desk, shelf, or bookcase, and perfect for anyone looking for a Mewtwo model that goes beyond the classic battle-focused design.
