This is a compact **Desert Eagle-style fidget keychain**, designed purely as a non-functional toy with simple moving parts.

It features a sliding top section and a small trigger-like mechanism, making it a satisfying mechanical fidget accessory.

Perfect as a keychain, desk toy, collectible, or display prop. Prints cleanly in two colors for a more realistic look.

⚠ This model is purely decorative.

It is **not a weapon** and **cannot be converted into one**.

Assembly note

⚠ For proper mechanism operation
make sure to insert a small **rubber band** (20–30 mm diameter).

For proper mechanism operation, install a **small rubber band** into the groove on both inner sides of the slide/barrel. This provides the spring tension needed for the moving part to return smoothly.

Print Settings

- **Material:** PLA / PLA+
- **Layer height:** 0.16–0.20 mm
- **Perimeters:** 2–3
- **Infill:** 20–35%
- **Supports:** Minimal
- **Print speed:** 25–35 mm/s for small parts
- **Tolerances:** 0.25–0.30 mm for moving components
