Use 3 walls + 25% infill.

The **Perlator / Aerator Key** is a simple practical tool designed for removing and installing aerators on sink and faucet taps.

The set includes **3 double-sided tools**, with each side designed for a different diameter. Together, the set covers **6 common sizes: 18, 20, 22, 24, 26, and 28 mm**.

The large handles provide a comfortable grip and extra leverage, making it easier to loosen or tighten an aerator without reaching for pliers or other tools.
