Chibi Cow – Fast Print 3D Test Figure

This chibi cow is tiny, adorable and designed to be printed fast and easy on any FDM 3D printer. With its cute horns, rounded body and sweet expression, it’s one of those prints that instantly makes your desk happier.

Perfect as a fast test print, this little cow helps you quickly check layer quality, extrusion and general printer performance without committing to long print times. It’s small, efficient and very satisfying to print — ideal for quick tests, warm-up prints or just because it’s cute.

Thanks to its simple and optimized geometry, this model prints cleanly without complications, making it great for beginners and experienced makers alike. Low filament, low stress, maximum charm.

Recommended Materials – PLA & PETG Chibi Prints

• PLA

• PETG

PLA is ideal for fast, clean decorative prints, while PETG adds extra durability if you want a tougher little cow.

FDM Printing Recommendations – Fast Test Print Settings

• Layer height: 0.2 mm

• Nozzle: 0.4 mm

• Supports: Not required

• Print speed: Fast

Optimized for short print times and reliable results on most FDM printers.

Design Features – Chibi Fast Print Cow

• Cute chibi cow design

• Optimized for fast FDM printing

• No supports required

• Very low filament consumption

• Smooth, rounded and beginner-friendly geometry

Perfect For – Chibi Test & Fast Prints

• Fast 3D print tests

• Printer calibration and tuning

• Chibi animal collections

• Desk and shelf decoration

• Quick and fun prints

Thank you for trusting my design! If you enjoyed this model, don’t forget to like and share it, and I wish you a happy and successful print. 🐮
