It's designed for FAB keys, but other brands will probably fit as well. The cases for the individual keys have protrusions to make them easier to open and distinguish. To assemble the two halves, you'll need 2x M3 screws (adjust the length) and 2x nuts. The nuts are inserted during printing and printed over (pause at a height of 3.8 mm). I've been using it for 3 years now—everything's fine. Let me know how it works for you and what you'd change, add, or anything else...

Je to navrženo pro klíče FAB, ale asi budou pasovat i jiné značky. pouzdra pro jednotlivé klíče jsou opatřena výstupky, aby se lépe otevírali a rozlišovali. Pro spojení polovin budeš potřebovat 2 šroubky M3 (uprav délku) a 2 maticky. Maticky jsou vloženy v průběhu tisku a zatisknuté (pauza ve výšce 3,8mm). Zatím používám 3 roky - vše OK. Dejte vědět, jak vám to funguje a co byste změnili, přidali a tak...
