Tags: [cord](#) [management](#) [strap](#) [backpack](#)

Simple strap to keep loose ends of backpack straps contained. Designed for 3/4" wide straps. Print with 50% infill, no supports or brim. Printed in PETG.

To use:

- Start by wrapping the end open loop of the strap around the square (if no end loop, just start with the end)
- Then keep wrapping around the square, tucking the strap underneath the open hook each time until enough is tucked away!
