A simple and versatile 3D printable edge-mount handle designed for drawers and cabinets.

The handle is mounted directly onto the edge of a drawer front or cabinet door, providing a clean and minimalist way to open furniture without the need for traditional handles.

The model is designed to fit a drawer front with a thickness of 15 mm.

It can be used in two orientations:

- Horizontal – ideal for drawers
- Vertical – ideal for cabinet doors

Features:

- Designed for 15 mm thick drawer fronts
- Edge-mounted design
- Suitable for drawers and cabinets
- Horizontal or vertical installation
- Minimalist appearance
- Easy to print
- Low material usage
- No supports required
- Suitable for various furniture styles

A practical DIY upgrade for furniture, cabinets, drawers, wardrobes and other storage units.
