Introducing Cup 006!!

I used PrusaSlicer 2.9.6-beta1 to use Full Spectrum to print this cup.
Included is a 3mf file for full spectrum

I used the following filaments for the full spectrum 3mf:

- Prusament Galaxy Black PLA
- Prusament Pineapple Yellow PLA

- Prusament Azure Blue PLA
- Prusament Ms. Pink PLA Blend
- Prusament Pearl White PLA Blend

I used the following filaments in the other cups:

- Prusament Oh My Gold PLA Blend
- Prusament Mystic Green PLA
- Polymaker Translucent Cyan PLA
- Polymaker Translucent Jade PLA

Thank you for your time and consideration on this matter.

For those who have joined my club at the “Obsessor” tier or have subscribed to my commercial membership on [Patreon](#), prints of this model can be used for commercial purposes.

Feel free to join [my discord](#) for additional support, questions, or suggestions!
