updated 4. 10. 2026 | published 4. 10. 2026

Summary

This is a close approximation of the key that goes into the bottom of the steam frame controllers!

Tags: [frame](#) [steam](#) [controller](#) [key](#)

Made in Fusion over a couple of nights, I'd like to thank u/knowlessman and u/AnonymousHermit for measurements and photos of the key.

Print settings that matter:

- 100% infill
- 0.12mm layer height or lower
- No supports

See this door for the other half!
