Keep your countertop clean, dry, and organized with this practical 3D printable glass drip tray.

Designed for everyday use next to your coffee machine, sink, or kitchen counter. The removable perforated insert allows water to drain away from glasses and cups while the bottom tray collects the excess liquid.

The modular two-piece design makes the tray easy to clean and the contrasting colors give it a modern look.

Features:

- Designed for glasses, cups and mugs

- Helps prevent water from pooling on your countertop
- Removable drainage insert
- Easy to clean
- Two-piece design
- No supports required
- Great for kitchens, coffee stations and coffee bars

Print it in your favorite colors to match your kitchen setup.
